OUR SCHOOL COMMUNITY

Parents play an integral part of the educational experience provided at The School at Steps. A monthly newsletter highlighting new programs, upcoming events, and important dates is sent to our families. Student workshops and gatherings provide forums for the exchange of information on dance-related issues. Informal performances and receptions provide parents with an opportunity to celebrate the accomplishments of their young performer. Parents receive two evaluations (January and June) and a recommendation for continued studies based upon the child's demonstrated skills and ability.

Beginning with the Little Steps program and continuing through the most advanced classes, The School at Steps provides children an opportunity to **EXPLORE** the world of dance, **EXPERIMENT** and hone their skills and **ENRICH** their appreciation for the various forms of the art. As part of Steps on Broadway, young dancers are taught by an internationally-recognized professional faculty whose passion and dedication enhance a curriculum-based program for students ages 2 through 18. In addition to classes, advanced and Pre-Professional students are given performance opportunities such as the annual showcase performance and community concerts throughout the city. The School at Steps offers academic year and summer programs.

Workshops are offered in comedy improv and song & dance.
